DETAILED ACTION

1. Claims 1-15 are presented for examination.
2. Applicant is required to provide the application numbers [when they become available] for the copending applications cited on pages 1-2 of the specification.

Priority

3. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Europe on July 30, 2003. It is noted, however, that applicant has not filed a certified copy of the European application as required by 35 U.S.C. 119(b). Furthermore, Applicant has not complied with the requirements of 37 CFR 1.63(c), since the oath, declaration or application data sheet does not acknowledge the filing of any foreign application. A new oath, declaration or application data sheet is required in the body of which the present application should be identified by application number and filing date.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
5. Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
 - a. As per claim 1: the intended means for "wherein the set of local variables corresponding to the called method is mapped adjacent a pointer to the set of local variables corresponding to the calling method" is unclear.
 - b. As per claim 6: similarly to claim 1, the intended means for "mapping a second local variable set associated with the second method adjacent the first pointer" is unclear.

Art Unit: 2187

- c. As per claim 7, line 2, should "adjacent" be replaced with –adjacent to–?
 - d. As per claim 10: similarly to claims 1 and 6, the intended means for "wherein each of a plurality of sets of local variables is mapped adjacent a local variable pointer associated with a calling method" is unclear.
6. Claims 2-5, 7-9 and 11-15 are rejected as including the deficiencies in the corresponding independent claims 1, 6, and 10.

Allowable Subject Matter

7. The allowability of claims 1-15 will be determined when the claims are amended to overcome the rejection under 35 USC 112, as set forth in this office action.
